

# Accounts JS

Gigya's Accounts API consists of the methods listed below:

**Note:** If you plan on integrating Gigya's Accounts API, we highly recommend reading the [Customer Identity Guide](#). The [Customer Identity \(RaaS\)](#) is a premium platform that requires separate activation. If the RaaS is not part of your site package please contact your Gigya Customer Engagement Executive or contact us by filling in a [support form](#) on our site. You can also access the support page by clicking "Support" on the upper menu of Gigya's site.
