

Loyalty (GM) JS

Gigya's Loyalty (GM) API consists of the methods listed below:

Note: If you plan on integrating the Game Mechanics platform, we highly recommend reading the [Game Mechanics Guide](#). Game Mechanics is a premium platform that requires separate activation. If Game Mechanics is not part of your site package please contact your Gigya account manager or contact us by filling in a [support form](#) on our site. You can also access the support page by clicking "Support" on the upper menu of Gigya's site.
