

Customer Relationship Management

Gigya's Single Sign-On (SSO) simplifies and improves customer relationship management. Users experience easier registration and monitoring of service providers. Suppliers benefit from improved access to user information and analysis, reduced data security management, reduced programming requirements, up to date user details and the elimination of duplicate user data.

NETSUITE

Netsuite CRM+ provide cloud based customer relationship management across the entire customer's lifecycle. Learn more [here](#).

The Salesforce logo is displayed in a light blue color within a white rectangular box with a thin grey border. The word 'Salesforce' is written in a bold, sans-serif font.
